## SKILLS

**JavaScript, SQL, Ruby, Rails, React, Python, HTML, and CSS.**

## ABOUT ME

I am a self-starter that is willing to learn new technologies and systems. I have a passion for measurable results, continuous improvement, and collaboration. The reason I got into tech is that I'm fascinated by new technologies. Building and creating things is something that I have always enjoyed.

## EDUCATION

### **Flatiron School** – *Software Engineering*

January 2020– August 2020

I have completed the software engineering course at the Flatiron School. This program taught me a great deal of what I know now. I am looking forward to my continued education in the vast field of tech.

### **Central Ohio Technical College** – *Information Technology*

August 2017 May 2019

I have an associate degree from COTC in Information technology. I learned the principles of computer science, programming, and intro to many different programming languages and practices. During this time I also became disciplined in other aspects of IT.
